OFFSHORE WIND OPERATIONS 2012 – CALL FOR PRESENTATIONS

Date : May 15th, 2012

Venue: Grieghallen, Bergen, Norway

Offshore Wind Operations is an international conference focusing on all operational aspects related to planning, installation and operation of an offshore wind farm. OWO 2012 is the 2nd OWO conference and takes place in the city of Bergen, Norway on May 15th 2012. The venue is at Grieghallen centrally located in downtown Bergen. OWO 2012 is organized as a part of the renewable energy conference "7-fjellskonferansen (7 Mountain Conference)" taking place in Grieghallen on May 14th-15th.

OWO 2012 aims at providing an environment for sharing operational experience in an industrial setting to facilitate safer and more cost effective design, installation and operation of future offshore wind farms. Marine installation activities as well as operations & maintenance of advanced offshore facilities are at the core of Norwegian industrial expertise matured and developed over the last 40 years of offshore oil and gas operations in the North Sea.

OWO 2012 is organized by Arena NOW (www.arenanow.no) in collaboration with Norsk industri, Bergen Chamber of Commerce, Business Region Bergen, NCE Subsea, Maritimt Forum Bergen, Innovation Norway and HOG Energi.

The OWO 2012 program committee calls for presentations focusing on **lessons learned** and **new concepts** related to topics as outlined below:

Offshore Wind Farm Development – Optimization of wind farm energy production, Environmental surveys, Coastal process surveys, Met Station Surveys, Sea bed surveys, FEED studies

Construction and Installation – Methods and operations related to all installation activities, installation vessels, Logistics

Operations and Maintenance – Service vessels, Access systems, Maintenance and surveillance systems incl. condition based maintenance, Production forecasting

OWO 2012 invites you to submit an abstract of max 300 words describing the presentation. The abstract shall contain the title of the presentation, a brief description of the content of the presentation, name of the lecturer, name of company/organization, address, email and phone number.

Abstracts shall be sent by email to Bjarte.Sandal@idevekst.com.

Deadline for abstract submission	: February 17th
Deadline for notification of acceptance	: March 16 th
Deadline for final presentation submission	: April 27 th

The conference language is English.

Accepted presentations will be published on the Arena NOW website www.arenanow.no after the conference pending permission from the lecturer.

Sincerely Yours,

Asle Lygre, Chairman of the Program Committee
